President's Report

What an exciting time it is in the city at the moment, with everything a buzz with Fringe festivities. A great lead into our busy year ahead.

It was a pleasure to attend the Service Clubs Association of South Australia Awards Luncheon on Sunday, 26th February with fellow Zontians. And even more enjoyable to see the Zonta Club of Mt Barker recognised for their "Mt Barker Homelessness Evening" followed by the Zonta Club of Adelaide being the successful nomination of the Youth Awards for their "Young Leaders Program". As well as this great outcome, they were the overall winner of the Premier's Distinction Awards. Our sincere congratulations to both clubs for the recognition of your wonderful work.

Preparation is under way for the 2023 Birthing Kit Assembly Day, we will be able to confirm the date after the dinner meeting this week. Please note the date in your diary, as is usually the case, all hands on deck that day, will be required.

The Area 2 Workshop in May is being finalised now too. I hope you will all be able to take advantage of the opportunity to meet with fellow Zontians. We will have the opportunity too to showcase the work we are doing.

We are excited about the progress being made for the planned Women's Expo in November this year. An update will be provided at the meeting this week.

I, personally, am looking forward to welcoming Deb Hosking from Bright Futures to our meeting this week. Another organisation empowering women in disadvantaged communities.

I look forward to seeing you all at dinner on Wednesday evening.

Yours in fellowship

Julie Hallifax ★

A message from our Government Partner, the Australian Department of Foreign Affairs and Trade

Australia is committed to gender equality and the human rights of all women and girls. In February 2023, the Minister for Foreign Affairs, Senator the Hon Penny Wong, [announced](#) that Australia will develop a new international gender equality strategy. Gender equality will continue to be central to Australia's foreign policy, development, economic, trade, security and humanitarian engagement.

This year's International Women's Day 2023 theme provides an opportunity to highlight how education, innovation and technology can advance gender equality and inclusion, and progress the human rights, health and security of all women and girls and persons of diverse gender identities.

Australia works with our partners to support inclusive trade and bridge digital divides to reduce poverty and inequalities. For example, Australia's E-commerce Aid for Trade Fund supported 11 e-commerce capacity building projects in developing and least developed countries across Southeast Asia and the Pacific. Over 850 micro, small and medium-sized enterprises increased their specialised e-commerce skills, and over 50 per cent of beneficiaries were women.
